

## X-10 expander module RP296EXT

### TECHNICAL CHARACTERISTICS

|                  |              |
|------------------|--------------|
| Maximum distance | <b>300 m</b> |
| LED indicator    | <b>Yes</b>   |
| Connection       | <b>BUS</b>   |

### GENERAL INFORMATION

|               |                             |
|---------------|-----------------------------|
| Type          | <b>X-10 expander module</b> |
| Compatibility | <b>ProSYS™ PLUS</b>         |

### MATERIAL AND DIMENSIONS

|            |                         |
|------------|-------------------------|
| Dimensions | <b>66 x 105 x 18 mm</b> |
|------------|-------------------------|

### POWER CONSUMPTION

|          |             |
|----------|-------------|
| Amperage | <b>30mA</b> |
|----------|-------------|

### ZONES

|                           |           |
|---------------------------|-----------|
| Maximum number of devices | <b>16</b> |
|---------------------------|-----------|
